

Junior CGI Artist

Based in our studios in Bath.

Salary: Dependant on experience

This is an exciting period of rapid growth for The Table Creative and we are seeking to grow our visualisation team further. Offering the right candidate a fantastic opportunity to work alongside outstanding senior artists, designers and stylists to produce breathtaking images for a broad and varied audience across our Provizion (product) and Envizion (built environment) departments.

The Junior/Lightweight 3D Artist will work directly alongside our CGI artists and interior designers on the production and output of high-quality atmospheric images and illustrations for our Envizion (CGI for built environment) and Provizion (CGI for product) departments.

Reporting to the Managing Director and senior artists, your role will see you working on the modelling, texturing, lighting and rendering of photorealistic still and animated CGI.

CREATIVE

Key skills

TECHNICAL:

- Experience using 3D StudioMax, Photoshop and Corona/Vray to produce realistic renders is essential.
- Ability to understand and interpret architectural drawings, models and concepts.
- Demonstrate the ability to achieve high-quality outputs in various media communication forms from across the Adobe package.
- Confident user of Photoshop to create bespoke textures.
- Understanding architectural and building construction details would be desirable, though not essential.
- Familiarity with plugins such as rail clone and Forest Pack.
- A love of photography, architecture and design is vital.

COMMUNICATION:

- Outstanding verbal skills which enable you to describe your own work clearly and effectively both in-house and external clients and stakeholders.
- Comfortable using a variety of means to communicate with others, including telephone, email, presentations and video conferencing.
- Able to listen effectively, understand what is required, asking questions where relevant.
- Diligent at recording information and keeping track of information and requests.
- Responding fully, accurately and in a timely fashion to tasks appointed.
- Make simple but effective presentations in-house as required.

Responsibilities

You will be a crucial part in the production of photorealistic CGI, with tasks including but not limited to:

- Modelling and lighting interior 3D scenes from scratch, with reference to CAD drawings and interior design moodboards and scheme drawings.
- Modelling residential architecture, from terraced housing to multi-storey urban buildings.
- Modelling site landscaping from technical 2D drawings
- Creating realistic and detailed models from physical product samples and references.
- Creating carefully colour corrected scans and textures for use on product models.
- 3D scanning of assets to be converted into photorealistic assets.
- File management and cataloguing of our extensive 3D asset library.
- Creating and manipulating existing 3D scenes and importing props and styling assets under the instruction of our in house stylists.
- Submitting and tracking renders through the render farm.
- Managing digital file storage and following accurate record keeping.

People skills

- Proactive, confident and engaged.
- Communicating, upholding and representing our values of Integrity, Creativity, Hospitality and Trust at all times to others in-house and externally.
- Responding quickly, effectively and with humility to direction from senior staff and colleagues.
- Engaging in constructive interaction with colleagues.
- Listening and asking open questions.
- Working as an influential member of a team.

Personal qualities

- Able to undertake a diverse range of tasks, involving different people and different activities, whilst prioritising your own work and achieving fixed deadlines.
- Demonstrate enthusiasm, accuracy, confidence and pride in your work.
- Be reliable, follow-through, complete tasks and be prepared to go the extra mile.
- Be flexible to meet the needs of the company and its work.
- Hungry to learn and grow as a creative in both technical and artistic skill sets.
- Bags of initiative to solve problems and a can-do attitude to challenges.

Qualifications and experience

- This is a Junior/ Lightweight role and would suit a candidate with less than 2 years professional experience or a recent graduate.
- Preferably a degree in a CGI related subject.
- A portfolio of high quality CGI work created under deadlines.
- Experience of working in a professional office based environment is preferable but not essential.
- Experience within an architectural practice or construction industry would be an advantage, but not essential
- An interest in art/architecture and an understanding of design principles is critical.
- Demonstrate a keen eye for detail, composition and visual narrative
